

April 1, 2019

Dear Parents,

I am very excited to announce that we will be offering a summer reading and math program for students in grades k-5 who **are struggling with reading and/or math.**

The summer school **reading** program will start on May 29th and end on June 31st. The twenty days of instruction are as follows: **May 28th – May 30st, June 3rd– 6th, June 10th – 14th, June 17th – 20th and June 24th – 27th.** Summer school will be in session Friday, June 14th. No summer school on the following Friday's: May 31, June 7, June 21, and June 28. Classes will start at 8:00 with breakfast served and end at 11:00.

The summer school **math** program will be held on the same days as the reading program, starting at **11:00** and end at 2:30. We ask that your child bring a sack lunch for lunch. The summer school program will serve a light snack in the afternoon.

Your child may attend both the reading and math sessions or they may sign up for just the reading or for just the math program. If your child signs up for both sessions he/she may bring a sack lunch, and we will have lunch with your child. I want the program to be fun yet an educational opportunity for your child to develop a love of reading and mathematical problems.

******** For planning purposes, please register your child by **April 30th**. If you have any questions or concerns, please feel free to contact your child's classroom teacher or me at 254-4173 – Thanks – Mrs. Pavlicek

Please keep the top half for your information

Yes, I would like my child _____ to attend summer school. He/she is currently in grade _____.
